The Honorable Tom Malinowski
United States House of Representatives
426 Cannon House Office Building
Washington, DC 20515

Dear Congressman Malinowski;

On behalf of the International Union of Police Associations, AFL-CIO, I am proud to add our name to your thoughtful legislation, **Expanding Health Care Options for Early Retirees Act**.

As you know, Law Enforcement Officers work in a challenging physical and emotional environment. Their experiences and activities impact them physically and, in many jurisdictions, require them to retire prior to reaching the age where they are eligible for Medicare. Their job often leaves them with medical conditions that make finding affordable health insurance challenging. Many of them do not qualify for Social Security.

Your Bill would ease these difficulties and help to provide health care for these brave men and women as well as their families. Additionally, it would ease the financial impact of their forced retirement and allow them these benefits that they have surely earned.

We look forward to working with you and your staff to make this legislation a priority and a reality.

Very Respectfully,

Sam A. Cabral
