

# USE CASE: SCHOOL SAFETY SOLUTION

INDUSTRY: **PUBLIC SAFETY**

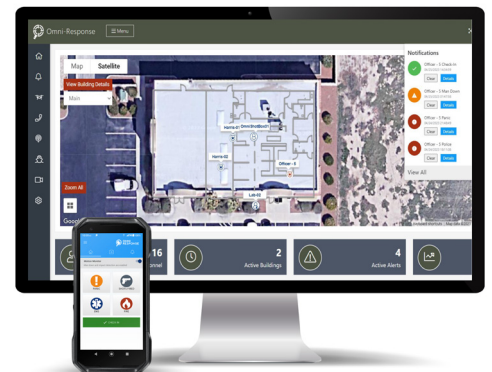

## AN INTEGRATED PREVENTATIVE MONITORING & RESPONSE SOLUTION FOR MEDICAL EMERGENCIES & THREATS.

### OVERVIEW

This integrated school safety solution combines ultra-rugged mobile technology (Android smartphones and durable tablets) from Kyocera, with Omni-Response 360° sensory technology plus a comprehensive dashboard for optimal situational awareness, and ZeroEyes™ Artificial Intelligence (AI) weapon detection and intelligent situational awareness software. This innovative solution is designed for preventative monitoring and threat detection, leveraging Kyocera's ultra-rugged DuraForce PRO 3 smartphone to gather field data and transmit alerts when other systems detect a threat on campus or in a building.

Omni-Response technology delivers unparalleled situational awareness and real-time response capabilities, leveraging patented AI for instant gunshot detection, GPS-enabled mapping of shooter location, one-touch alerts to onsite staff and first responders, door lock/unlock capabilities, live video streams from cameras, personnel, drones and robotics while the "on-the-move" platform simplifies emergency protocols and accelerates critical threat interventions.

This innovative school safety solution provides a fully integrated view reducing chaos and casualties, ultimately providing a safer environment for students, staff, and communities.

**Kyocera + Omni-Response = A Complete School Safety Solution**

# USE CASE: SCHOOL SAFETY SOLUTION

INDUSTRY: **PUBLIC SAFETY**

## DuraForce PRO<sup>3</sup>

- + 5G Ultra Wideband speed & low latency
- + MIL-STD ultra-rugged durability<sup>1</sup>
- + IP68 rated dust and waterproof<sup>2</sup>
- + Scratch & shatter-resistant display engineered for outdoor visibility
- + Glove & Wet Touchscreen operation
- + Loud front-facing stereo speakers with dual mic AI-enhanced noise cancellation
- + Ultra-durable 4,270mAh removable Li-Po battery with Wireless & Fast Charging
- + Multiple programmable buttons for quick access to important features
- + Camera: 64MP with 4-cell pixel binning + Super Night Vision, 16MP wide-angle
- + Covert mode to quickly turn off audible notifications and light emissions

## OMNI-RESPONSE TELEMETRY PLATFORM

- + Integrates into existing infrastructure, exit doors, classroom doors, IP Camera systems
- + Multiple alerting capabilities for First Responders and Staff
- + Automatic door-lock/unlock
- + ZeroEyes™ AI pre-incident weapon detection
- + Near real-time active shooter detection, shot detection and alerting
- + Command & dispatch web dashboard
- + Situational, personnel, intruder, and asset awareness
- + Live Body-Worn Camera software capability

The Omni-Response solution will incur additional charges for the software, device license and professional services integration. Please visit [www.omni-response.com/the-platform](http://www.omni-response.com/the-platform) for more information or contact Tim Stephens, Director of Sales, [tstephens@omni-response.com](mailto:tstephens@omni-response.com), 210-373-1042 for details and pricing.

1. MIL-STD-810H tested for protection against blowing dust and sand, vibration, transit drop (5' (1.5m) onto concrete), functional shock, salt fog, solar radiation, humidity, temperature extremes, thermal shock, high altitude, icing, and freezing rain. IP68 Rating: dust and waterproof, fully submersible in freshwater (6.5' (2m) for up to 30 minutes).

2. Certified IP68 waterproof, fully submersible in freshwater at 6.5 ft for up to 30 minutes. Before immersing your phone in water, make sure the device's back cover and charging port cover are completely sealed with no gaps.
