

International Union of Police Associations

Certificate of Appreciation

Presented to

Police Officer Michael Skinner

On May 3, 2024, you responded to a distress call regarding an unmanned vessel circling in the water near Channel Marker 72.

Upon arrival, you observed an unconscious man on the deck of the boat and that the boat was spinning out of control. You expertly intercepted the boat, wedging it against the seawall with your boat, climbing onboard, and shutting down the engine. Sarasota County Fire Rescue was on standby at the seawall and because of your actions, they were able to provide medical aid that saved his life.
